

Product Name: CBB61 capacitor (with wire)

Generally used in fans, ceiling fans, range hoods, heaters and other electrical appliances

Product warranty: replacement within 2 years with quality problems;

Precautions:

This capacitor does not distinguish between positive and negative poles, and can be wired ANY WAY

This product has been upgraded to the second generation model explosion-proof design, safe and reliable

Capacitor heat dissipation is better under high temperature use, performance is more stable

Specifications:

CBB61-SREIES	Size
Capacitance (μF)	
1	36 x 11 x 22
1.2	36 x 12 x 22
1.5	38 x 13.5 x 24
2	36 x 15 x 25
2.5	36 x 15 x 25
3	36 x 15 x 25
3.5	38 x 15 x 25
4	47 x 17 x 31
4.5	47 x 17 x 31
5	48 x 20.5 x 33
6	48 x 20.5 x 33
8	48 x 22 x 35
10	47 x 23 x 35
12	58 x 25 x 38
15	59 x 28 x 40
16	59 x 28 x 40
18	59 x 30 x 40
20	59 x 30 x 40
24	59 x 30 x 40
