

# RELAY BASE

## *RLB-PF113AE*

### APPLICATION / DESCRIPTION

Model number: PF113A series

Mounting form: Screw, Din rail

Load current: 10A

External dimensions: 52x43x31mm

Matched relay: MK3P, JTX-3C, H3CR-A

Model PF113A-E can be used as a front connecting socket.

### PART NUMBER EXAMPLE

| BASE NUMBER    | SERIES  | NO. Of pins | Matched reply | Classify                   |
|----------------|---|-------------|---------------|----------------------------|
| RLB=relay base | PF  | 11          | 3             | E = with finger protection |
| <b>EXAMPLE</b> | <b>RLB-PF113AE (RELAY BASE 11PIN DIN MOUNT)</b> |             |               |                            |

### MAIN TECHNICAL DATA

|                          |                                      |
|--------------------------|--------------------------------------|
| Rated Voltage            | 300VAC                               |
| Rated Current            | 7A                                   |
| Rated insulation voltage | ≥ 3kV                                |
| Material                 | Flame retardant PC or PA66+GF(V1/V0) |

## DIMENSIONS AND MOUNTING
